BASE BALL COMMENT.
In the standing of clubs of the Interstate league, the Intelligencer carries as definite the protested game at New Castle, which will doubtless be awarded to the Stogies since President Young has promulgated his opinion on the case, and the game with Mansfield that was awarded the visitors Wednesday. On the records, it is improper to count either of these games as victories for Wheeling until President Power acts.

Parvin will pitch for the Stogies at New Castle this afternoon.

Fisher, the new short-stop, did not join the Stogies at New Castle yesterday, but is expected to be in the game to-day.

WHEN SUCH PEOPLE TESTIFY

How Can You Doubt the Virtues of Hyomei?

Read what Herbert Johnson, Boston's popular lawyer, has to say of "HYOMEI." Mr. Johnson is the first lawyer to have testified in the trial of the late President McKinley, and the Director of one of Boston's most noted musical organizations, known as Herbert Johnson's Musical Club.

Dear Sir:—It gives me great pleasure to say that your "HYOMEI" cured me of a bad cold and bronchitis. I had been using it for several days and I found it to be a most effective remedy. I had been using it for several days and I found it to be a most effective remedy. I had been using it for several days and I found it to be a most effective remedy.

day, when Taylor will be out to right guard.

Wheeling outfielded, and outbatted New Castle yesterday, but the other fellows won. It wasn't anything but a case of hard luck.

Wheeling will be away from home three weeks, and will play in all the western circuit cities, if they split even they'll be doing more than the fans anticipate.

BOXING.
The Metropolitan club will not put on a preliminary next Monday evening, because of the fact that it has suffered financially in its last four entertainments, and as the club under new management has hung up handsome inducements for preliminaries, the club believes its patrons will take into consideration that it is compelled to pare a little in view of the slim patronage of late, and the further fact that the Fischer-Moore battle will be well worth a long journey. In consequence of there being no preliminary the battle of the big fellows will start promptly at 8 o'clock. Oscar Gardner will referee.

The exhibition given by Harry Fischer and Oscar Gardner at the latter's place yesterday afternoon, delighted a large number of sports, all of whom were impressed favorably with Fischer's work. He will be in his best form against Moore, but the latter is determined to trim him when they meet. Moore's cleverness was apparent to all who saw him, for as he was, in his five rounds with Fischer, and now that he is trained down he is picked by as many of the talent to look well on the Brooklyn man's chances.

Oscar Gardner has been asked to participate in the great boxing carnival, to be given in Dubuque, Iowa, by Lou Houseman, the famous sporting man.

Before last night's performance, Police Officer Melster went to the show grounds and placed the manager under arrest. He was released upon paying the license for shows. A little later there was a free fight outside the tent, in which some eight or ten Aetna men figured. Officer Melster arrested John Thomas, Thomas Morgan and a man named McLaughlin, and then went after the other participants, but they had made themselves scarce.

It was stated to an Intelligencer reporter yesterday by a person in a position to know "whereof he speaks," that it is quite probable that the five non-union street car men who were tendered such a disgraceful farewell at the Cleveland, Lorain & Wheeling depot Monday afternoon, would bring suit against the railroad company and also against the city to recover heavy personal damages.

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

Yesterday afternoon Theodore Keller, of this city, received a letter from Frank McCord, of Cleveland, notifying him of his appointment as district deputy revenue collector for the district which comprises Belmont, Harrison, Jefferson and Carroll counties, to succeed the present collector, R. H. Meyers, of Bellairs. Mr. Keller has been looked upon some time as a favorable candidate for the appointment, but it was not until yesterday that any definite news was received. This important office of his will require will no doubt cause Squire Keller to resign his present duties as justice of the peace before entering upon his new work. The position pays \$1,100 and expenses, the latter not to exceed \$400. Mr. Keller's appointment will take effect August 1.

MARTIN'S FERRY KICKS.
The new running schedule of the Wheeling railway system which went into effect Wednesday caused unfavorable comment here. Employees of the Wheeling manufacturing industries who reside on this side of the river are especially loud in their remarks of disapproval, as they cannot, under the new system, arrive at their places of work at the required time in the morning. These are not the only ones who are not pleased with the new move, as those who desire going to new moves, as the evening are of the opinion that starting for home one hour earlier will cut their time rather short in the city, consequently grumbling is heard on all sides.

KELLAR'S SUCCESSOR.
The township trustees will no doubt be called upon shortly to fill the vacancy for the position of justice of the peace for an unexpired term, in the event of Squire Keller's resignation, who has just been appointed district deputy internal revenue collector. There are several prominent citizens who have been favorably spoken of already. Among them is ex-Mayor M. C. Mitchell, whose chances are very bright.

GARBAGE COLLECTION.
The city garbage collector who has been making the rounds for two days, has met with great success on every hand. All the people visited, with very few exceptions, have "anted up" their twenty-five cents, without offering any objections. The collector stated yesterday that the private collection of garbage would commence Monday, and the people will look forward to that day with great interest.

A BIG PICNIC.
The Methodist church and Sunday school picnicked at Cresap's Grove yesterday, and if there was a member of the congregation who did not attend he was not to be found. It was undoubtedly the largest Sunday school picnic ever leaving this city. Eight hundred tickets were sold, and about one hundred boarded the steamer. Leroy who were unable to secure tickets. The steamer was half an hour late, in leaving, the schedule time being 7:30 o'clock. Every person present reported a general good time, with the exception of the incapacity of the steamer and grounds for handling such an immense crowd. The steamer returned about 10:30 last evening.

"Blood tells." But we rarely recognize the fact except in times of stress and strain. A horse which looks like a "scrub" may beat another horse which seems the ideal of a racer, just by that one quality of good blood. Similarly men, who seem in the pink of condition drop down under the racing strain of business. Why? Blood tells. Men reckoned perfectly healthy start out for business, they make a run for the train, and collapse.

"Heart failure" they call it. Blood failure would be often the better name. Take care of the blood and the body will take care of itself. It is the blood which builds the body. The blood indeed is the body. A sound body must be based on sound blood.

It is one of the peculiar properties of Dr. Pierce's Golden Medical Discovery that it eliminates from the blood the effete and poisonous matter which is antagonistic to health. It also gives to the blood those elements which are necessary to its strength and vitality. Thus by the use of "Golden Medical Discovery" purity of blood and power of body have been attained by thousands of sickly and scrofulous men and women.

No other medicine purifies the blood and builds the body as does the "Discovery." Accept no substitute.

"It gives me much pleasure to testify to the merits of Dr. Pierce's Golden Medical Discovery," writes Miss Annie Wells, of Ferguson's Wharf, Isle of Wight Co., Va. "I can say honestly and candidly that it is the greatest medicine ever compounded for purifying the blood. I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors' bills but received no benefit. A year or two ago I was reading one of your Memorandum Books and I decided to try
